

Topic/Objective:
Level 3:
Creating the Environment

Name:
 Class/Period:
 Date:

Level Objective:
To create various aspects of a game's environment that's graphical appealing to the player including terrains, materials in objects, skyboxes, and other elements.

Questions:	Notes/Answers/Definitions/Examples/Sentences:								
	<p>Creating Terrains</p> <ul style="list-style-type: none"> Add Package from Asset Store <ul style="list-style-type: none"> Terrain Tools Sample Asset Package Environment Add Terrain <ul style="list-style-type: none"> GameObject > 3D Object > Terrain Adding Height Map or "Mountains" <ol style="list-style-type: none"> Click your Terrain object in your scene Choose  in Inspector Window (Paint Terrain Button) Choose Raise or Lower Terrain in the Drop-Down Menu Choose a Brush & Begin Clicking Keyboard Shortcuts with Brushes <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td>Lower your Terrain</td> <td>SHIFT + Click Mouse</td> </tr> <tr> <td>Making Brushes Bigger/Smaller</td> <td>Bracket Keys []</td> </tr> <tr> <td>Change Opacity (also known as transparency)</td> <td>Minus/Equals Keys - =</td> </tr> <tr> <td>Cycle through all your brushes</td> <td>Comma/Period , .</td> </tr> </table> <ul style="list-style-type: none"> Add Texture to Terrain (as a whole or to portions of it) <ol style="list-style-type: none"> Choose  in Inspector Window Choose Paint Texture in the Drop-Down Menu Click Edit Terrain Layers then choose Create Layer Add additional layers as you want to paint more textures Adding Trees <ol style="list-style-type: none"> Choose  in Inspector Window (Paint Trees Button) Choose Edit Trees then Add Trees Choose your Prefab Tree to Use <ul style="list-style-type: none"> SHIFT + click your mouse to get rid of trees To add tons of trees, choose the "Mass Place Trees" button Adding Water <ul style="list-style-type: none"> Click and drag the Prefab from the Project Window 	Lower your Terrain	SHIFT + Click Mouse	Making Brushes Bigger/Smaller	Bracket Keys []	Change Opacity (also known as transparency)	Minus/Equals Keys - =	Cycle through all your brushes	Comma/Period , .
Lower your Terrain	SHIFT + Click Mouse								
Making Brushes Bigger/Smaller	Bracket Keys []								
Change Opacity (also known as transparency)	Minus/Equals Keys - =								
Cycle through all your brushes	Comma/Period , .								
									

CORNELL NOTES – COMPUTER PROGRAMMING & GAME DESIGN I

Questions:	Notes/Answers/Definitions/Examples/Sentences:
	<ul style="list-style-type: none"> • Adding Grass Texture <ul style="list-style-type: none"> ◦ Choose  in the Inspector Window (Paint Details Button) ◦ Choose Edit Details followed by Grass Texture ◦ Choose your Prefab grass texture to use • Use Terrain Settings button to adjust various areas of your terrain  <ul style="list-style-type: none"> ◦ For example, size of your terrain, resolution, etc.
	<p>Working with Materials in 3D Objects</p> <ul style="list-style-type: none"> • Materials are directly applied to 3D Objects and contain properties that control: <ul style="list-style-type: none"> ◦ Colors ◦ Textures - flat images that can be wrapped around 3D objects. <ul style="list-style-type: none"> ▪ Often contain repeating patterns (ex. brick wall) ◦ Shaders – scripts that dictate what properties materials will have • Commands to Create a New Material <ul style="list-style-type: none"> ◦ Assets > Create > Material • It's good to keep separate folders for both your textures and materials. • When searching Google for textures, include in your search the word repeating • When adjusting your textures: <div style="display: flex; justify-content: space-between; align-items: flex-start;"> <div data-bbox="406 1113 876 1302" style="width: 45%;"> <p>How often texture repeats</p> <p>Will a gap exist in the object</p> </div> <div data-bbox="893 1092 1429 1302" style="width: 50%;">  <p>The screenshot shows the Unity Inspector for a material named 'BrickWall'. The Shader is set to 'Legacy Shaders/Diffuse'. The 'Main Color' and 'Base (RGB)' fields are visible. The 'Tiling' section shows X: 1 and Y: 1. The 'Offset' section shows X: 0 and Y: 0. A 'Select' button is at the bottom right of the texture preview.</p> </div> </div>
	<p>Adding a Skybox</p> <ul style="list-style-type: none"> • Definition – a panoramic texture drawn behind all objects in a scene to represent the sky • Search for free skyboxes in the Unity Store (Standard Assets, Classic Skybox, Sky5X One, etc.) • Two ways to add: <ul style="list-style-type: none"> ◦ Into the Scene (Window > Rendering > Lighting Settings) ◦ Into the Camera (Choose Camera in Hierarchy > Component > Rendering > Skybox) <div style="text-align: right; margin-top: 20px;">  </div>
